

BCCT SERVICES BOOKLET

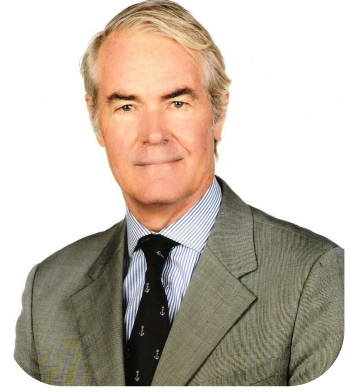

Businessmen guide to Turkey since 1887.

We shall provide a forum for members development and commercial relations and a bridge for better understanding of business opportunities, business culture and business trends...

Welcome

I am delighted to be able to inform you that the Chamber has achieved much progress over the last year. However, before outlining the many positive developments gained, I would like to thank my Vice Chairman, the staff and particularly the Council, alternate Council and Senior Advisory Board for their keen support in making this possible.

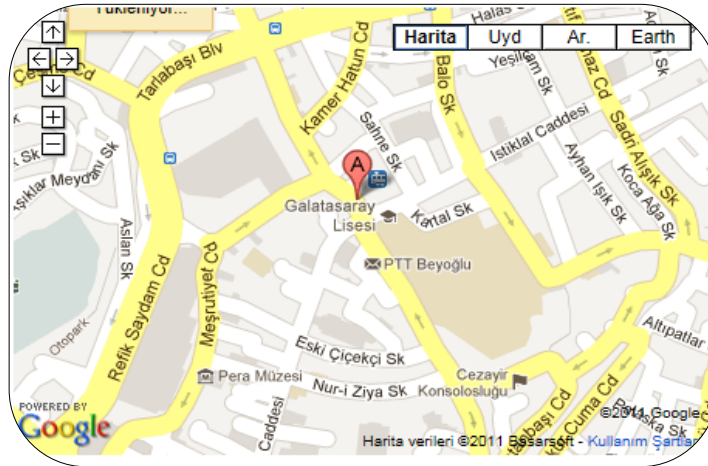

As my Chairmanship of the British Chamber of Commerce in Turkey enters its second year, it is my intention and dearest wish that the success achieved by the Chamber in raising its image and stature in the first year, is matched by an equal achievement in its aim to create concrete results in encouraging foreign direct investment and business partnerships in the second year. To this end, the Chamber will strengthen its ties with commercial organisations located in the UK and create a forum through which SME's in both countries can better communicate and form mutual channels of interest.

Jonathan

Jonathan Beard, Chairman

Location

We are located in Taksim – centre of the city of Istanbul – which is close to the British Consulate Istanbul and historical areas like Galata Bridge. It is 20 minutes from the Ataturk Airport, also have connections with subway, bus stations and tramway.
